■ **LUBE STOP HOT SPOTS:** All 37 **Lube Stop Inc.** locations in Northeast Ohio now are equipped with wireless Internet access thanks to a partnership with **Imagine Net Inc.**, an Internet service provider in Brunswick. Berea-based Lube Stop said free wi-fi will allow customers to use their wireless devices while waiting to get their oil changed. The wi-fi upgrade was part of a tech push by Lube Stop that also included developing a secure virtual private network and implementing a new point-of-sale computer system. The cost of the upgrades was not disclosed.
